Software Developer

Velocity Software Solutions, Noida

January 2016 - Current

- Developed web applications (Web Forms & MVC), Restful web services and desktops applications.
- Meeting with clients and understanding their requirements, converting it into SDD (Software Design Description), then programming the requirements and deploying it.
- Experience with designing application on Client/Server and n-tier architecture.
- Writing T-SQL queries, Stored Procedures and Views.

Technical Skills and Tools

Microsoft Technologies	ASP.NET 3.5/4.0/4.5 , SharePoint 2010
Languages	C#, ASP.NET, ADO.Net, LINQ, Web API, WCF, Web Services
Databases	SQL Server 2008/2012, SQLite
Utilities	Visual Studio 2010/2013/2015, SQLite Browser
Tools	Balsamic mockups, Redmine (for task tracking), SharePoint Designer, InfoPath 2010
SVN	Assembla using Tortoise Client

Projects

1. FISH FOOD APPLICATION | MR DISTRIBUTORS, USA | APR 2018 – PRESENT

- Participated in requirement analysis, design of system architecture and specification and HLD documentation.
- Involved in designing of the database structure and SQL queries.
- Performed coding/programming tasks to specification and in accordance with development standards.
- Documented and coded technical artifacts and developed test plans.
- Technical Environment: **NET 4.5, C#, Visual Studio 2015, Win Form, My SQL, DevExpress.**

2. SLRM | GOVT OF INDIA, INDIA | NOV 2017 – MAR 2018

- Involved in designing system architecture and performed project and task estimation.
- Designed databases and wrote Queries, Stored Procedures in SQL 2008.
- Performed coding/programming tasks to specification and in accordance with development standards.
- Documented and coded technical artifacts and developed test plans.
- Technical Environment: **NET 4.5, C#, Visual Studio 2015, SQL Server 2008 R2, IIS 7.0, HTML, JavaScript.**

3. ASTER CHRONIC CARE | ASTER DM HEALTHCARE, UAE | MAR 2017 – OCT 2017

- Client interaction and responsible for understanding user requirements, designing and developing the application.
- Guided the team in design and development of application.
- Developed and consumed ASP.NET WCF web-services for Android & iOS applications.
- Involved in the development of presentation logic for GUI of ASP.NET pages.
- Involved with the production server team in the deployment process on multiple servers.
- Technical Environment: **NET 4.5, C#, Visual Studio 2015, SQL Server 2012, IIS 8.0, Web-Services, WCF LINQ, HTML, JavaScript.**

4. FUNDING CERTIFICATION REQUEST SYSTEM | UNICEF, INDIA | DEC 2016 – FEB 2017

- Client interaction for understanding the requirements and designing the architecture of system.
- Guided the team in design and implementation of forms using InfoPath 2010.
- Involved in the development of workflow using SharePoint Designer 2010.
- Technical Environment: **MOSS 2010, SharePoint Designer 2010, InfoPath 2010, C#.**

5. UNICEF INDIA | UNICEF, INDIA | AUG 2016 – JAN 2018

- Handled the maintenance of the project for the specified time period.
- Along with the development, my role also involved the interaction with the client for the requirement understanding.
- Involved in sharing the monthly/ quarterly server and application tracking reports to the client and his team.
- Technical Environment: **NET 4.5, ASP.NET MVC, C#, Visual Studio 2015, SQL Server 2012, IIS 7.5, HTML, JS.**

6. CHILD HEALTH INFORMATION | UNDP NIPI, INDIA | JAN 2016 – JUL 2016

- Responsible for understanding requirements and developing the application.
- Developed and consumed ASP.NET web-services and WCF for window application.
- Involved in the development of web and desktop application.
- Technical Environment: **NET 4.0, C#, Visual Studio 2012, SQL Server 2012, IIS 8.0, Web-Services, WCF LINQ, HTML, JavaScript.**

Personal Information

- Father's Name: **Shahanshah Ahmed Khan**
- Date of birth: **December 30, 1994**
- Marital Status: **Single**
